Skills

PROGRAMMING/SOFTWARE

- Experience in Java, Python, HTML/CSS, C, Git,, Javascript, React, MySQL, Node.js, AWS, MongoDB.
- Web Development experience with Ruby on Rails and ExpressJS.

LEADERSHIP

- Head of Outreach team for the High School I/O Hackathon that is organized by the OHI/O student organization (2020-2021). I am in charge of contacting schools directly and promoting the event to the staff.
- Head of Registration Committee for OHI/O (2020-2021). Maintain our registration web application using React with NodeJS. This is deployed on AWS EC2 with the help of Terraform.

ACTIVITIES/PROJECTS

- As a part of the Registration Committee, we are rewriting our registration web application which is currently written in AngularJS into ReactJS.
- I enjoy kayaking, rock climbing, and sand volleyball.
